What sets our Pediatric Hematology Oncology Unit Apart

The Jimmy Everest Cancer Center at Oklahoma Children's Hospital was designed to improve the treatment experience for children and families faced with pediatric cancer and blood disorders. Nurses are provided with specialized training and education in order to provide this high level of care. Our education teams educate care team members on new treatments, medications and protocols. Specialized training is available to become a certified chemotherapy nurse and care for our BMT patient population.

Unique Care You Will Provide

- Pediatric Stem Cell Transplant
- Sickle Cell Anemia Disorders
- Hemophilia
- CAR-T Therapy
- Wide range of Oncology diagnoses

We are recognized by the National Hemophilia Foundation as one of approximately 140 federally funded hemophilia

treatment centers in the United States. We also participate in the national network of Hemophilia Treatment Centers, where experts deliver comprehensive treatment for blood-related diseases and disorders

About Oklahoma Children's Hospital OU Health

Oklahoma Children's Hospital OU Health is the state's only comprehensive pediatric hospital. U.S. News & World Report named us one of the Top 50 Children's Hospital for Pediatric Cardiology & Heart Surgery and Pediatric Gastroenterology & GI Surgery. We provide the state's most comprehensive level IV NICU, region's only pediatric heart center, region's only pediatric BMT & CAR-T Therapy program, state's only level IV pediatric epilepsy center and high-risk pregnancy, labor and delivery care in our hospital.
